

Using the Ozone Mouthpiece

Direct Method

1. Connect silicone tubing with male Luer lock connectors to the Ozone Out on your ozone generator.
2. Attach the mouthpiece tubing to the other end of the silicone tubing.

Bag Method

1. Fill the bag as shown on the instructions that came with your bag.
2. Connect the mouthpiece to the bag.
3. When you're ready, squeeze or roll the bag to dispense ozone.
