

Ozone Generator Comparison

Name	Output	Levels	Notes
O3Elite Mini	Up to 65 ug/ml	On/Off	On/off operation, adjustable via oxygen feed. Ideal for insufflations and for those who do not need a wider array of adjustable levels.
O3Elite Single	Up to 70 ug/ml	Adjustable	Single adjustable ozone cell with dial. Ideal for insufflations and many other ozone applications.
O3Elite Dual	Up to 110 ug/ml	Adjustable	Two adjustable ozone cells with dials to adjust each cell independently. Ideal for nearly any ozone application. Ozonate water and oil faster than the Mini or Single.
